
WILKINSON 2014 PAY BALLOT UPDATE

Dear Colleagues

This bulletin is a short update on the recent 2014 Pay Ballot.

Firstly, the National Negotiating Team would like to thank all those members who voted in the ballot, it is always important that your voice is heard whatever your decision.

As you know, the National Negotiating Team felt unable to either recommend or reject the offer given the circumstances that many Team members in Wilkos are currently facing and the trading position of the Company.

Perhaps reflecting this uncertainty the membership has voted 51% to 49% to reject the offer.

The National Negotiating Team has a meeting with Wilkos Management scheduled for the 17th October 2014, where they will seek to reopen negotiations with a view to securing a better offer.

In the interim, those members affected by the rise in the National Minimum Wage will receive that increase regardless of this result.

The National Negotiating Team would once again like to thank all the members who took part in the ballot and we will continue to keep members updated as we go forward.

Yours sincerely,
